POLICE CHIEF DON Burr is a very loyal citizen of Campbell.

And as such, he appreciates any gesture, act or contribution that will help his city in any way.

That was why it was surprising to hear Chief Burr at the annual community recognition dinner of the police department suggest to Police Officer Ron Pennington that, in the future, if Officer Pennington had any trees to give away, please would he give 'em to San Jose and not to Campbell.

Don had reference to the 50-year-old olive tree that the Penningtons donated to the City of Campbell.

The tree, which formerly graced the yard of the Penningtons' on Latimer Ave., is now located near the entrance of Campbell's Rincon Park.

JoAnn Zoller, of The Press staff, shot the picture of the tree in transit that appeared on the front page of The Press last week.

The tree is massive and, if it thrives, will be an attractive addition to the entrance-way of the city park.

(Appropriately, the City Council last week awarded a $185,650 contract for the development of the first phase of Rincon Park.)

So why was Don upset by Ron's gift?

-0-

WE HAVEN'T ALL THE details. But we understand a number of problems developed in the moving of the tree.

It seems the measurements were a little vague.

At the first intersection, the limbs were caught in the wires, etc. Amid sparks and all that sort of stuff, the electricity was cut off.

Police had to be called to man the intersections inasmuch as the signals were short-circuited.

And, lo and behold, the same thing happened at the next intersection.

And more cops were called out for traffic control.

The tree finally made it. (A picture in The Press last week showed the tree in its new location.)

So we suppose Don probably had some justification for being upset.

But really one is not supposed to look a gift-horse in the mouth.

Except this was a gift-tree not a horse.

THERE HAS BEEN CONSIDERABLE interest shown at the last few Planning Commission meetings over various zone change proposals that have been before that august body.

Under new state legislation, a city's zoning must conform with the city's general plan.

So all the parcels of property in town that are not now in conformity with the general plan have to be changed.

There were 25 different actions that the Planning Commission had to take last week in what is known as a "Study Area II" in order to get the zoning and general plan into conformity for that part of town.

There was a pretty good-sized audience on hand as the Planning Commission took its action.

It has long been our belief that the average person doesn't understand zoning matters to any great extent.

Many people seem to think that zoning is supposed to act like a magic wand.

Just change the zoning on a piece of property and all the problems are solved.

That's what some seem to think.

Others seem to have the impression that a zone change means a change in the tax rate automatically.

That is not necessarily true, of course.

Zoning has no direct correlation with the tax appraisal,

Hamilton job gets city okay

Plans and specifications for the widening and improving of Hamilton Avenue from Highway 17 to Winchester, the largest street improvement project in this city's history, received approval of the City Council last week.

It is expected that the project, with all aspects, will exceed $1 million.

Bids for the project are expected to be called for in July.

When completed, Hamilton Avenue, this city's most heavily traveled thoroughfare, will become six-lanes from the 17 overcrossing to Winchester. The cost of the job includes the acquisition of the rights of way, curbs, gutters, electroliers and undergrounding of utilities.

According to Bill Wren, publics works director, the state is expected to widen the off-ramp at Hamilton Avenue at a cost of $71,900 at the same time.

The Council at the last meeting also moved ahead on three other civic projects.

Collishaw Sprinkler Co. of Santa Clara was awarded the contract for the first phase development of Rincon Park on a low bid of $173,415.69.

In another bid-awarding procedure, R. J. Zipse Paving Co. was awarded the contract for street improvement in the Dell-Division industrial section. The contract approved was for $139,229.

In still another project, the Council approved the plans and specifications for the $632,000 library opposite the city hall, as presented by Bill Hedley, architect. After approval is obtained from the county and state, bids will be called for.

In other actions, the Council approved the request of Brian Wells to waive the license fee for live entertainment at the Gaslighter Theater and also approved the clearing of the property on which the old engineering building stands and offering the land for sale.

Lybrand, Ross Bros. & Montgomery and Ruzzo, Scholl & Murphy were approved as auditors for the city for 1972-73 at a cost of $4,400.

DISTINGUISHED SERVICE AWARD

AWARD WINNER---Allan Blaine (left), was the recipient of the Campbell JayCees "distinguished service award" for 1972 at the annual award banquet held recently. Len Edholm, (right), manager of the Campbell Chamber of Commerce, and 1971 "DSA" winner, made the presentation.

A native of Campbell and a graduate of Campbell High, Blaine, 36, was named outstanding young man of 1972, although one year over the maximum age limit of 35. However, the award was based on his activities before reaching the deadline age.

Blaine, a graduate in pharmacy from the University of California, has operated the Aero Pharmacy, at 2075 Winchester Blvd., for the past 10 years. He is in the process now of closing out his store. Blaine is first vice-president of the Chamber of Commerce and active in the citizens goals advisory committee. He has also served as president of the county's pharmaceutical society. He resides with his wife, Beverly, and their four boys, in Los Gatos.

NOW GOES TO CITY COUNCIL

Committee tabulates priority of city goals

Final draft of the recommendations that will be presented to the City Council by the Citizens Advisory Goals Committee was being developed this week based on the priority tabulation of the goals that was made last Thursday by the steering committee.

The tabulations were made from the ballots of the 22-member steering committee that had been submitted. Only two of the 22 committee members failed to respond.

Only one modification was made in the tabulations from the "vote" that designated the ranking.

The Committee voted to "move up," the study of social and human relations to first place without specifying any dollar amount.

The social and human relations study was placed ahead of (2) recreation coordinator, $15,000; (3) recreation program ($50,000-$75,000); (4) study on intergovernmental cooperation ($10,000); (5) financial support of West Valley Progressive Seniors.

The priority ranking for capital improvements: (1) Para-medic equipment ($16,000); (2) loop street ($2 million); (3) landscape and develop Los Gatos Creek ($25,000); (4) community facility at library, ($20,000); (5) develop bike trails.

In the priority rankings of policy items: (1) support of city's current participation in planning mass transit; (2) prepare plans for the "911" emergency telephone system; support of public works plan for minimizing traffic in residential areas.

The goals recommendations will be put together by the executive committee and then submitted to the City Council sometime next month.

A report on the recommendations is also scheduled to be presented to the Chamber of Commerce on Thursday, June 21.

County issues bat-warning to residents of this area

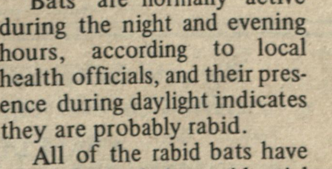
If you should see a bat outdoors during daylight hours, stay away!

This caution comes from the county health department which recently issued "bat warning."

During the last month some 10 rabid bats have been found in Santa Clara County and one in the City of Campbell. Earlier this month one was found in the yard at 96 Apricot Ave.

Bats are normally active during the night and evening hours, according to local health officials, and their presence during daylight indicates they are probably rabid.

All of the rabid bats have been located in residential areas, according to Dr. Mary



Clark, deputy director of public health.

Health officials are concerned that humans could be bitten and that rabies could be transmitted to the domestic animal population by an infected bat.

Anyone finding a bat should contact the Animal Control Division of the County Health Department immediately.

A further caution; anyone spotting the remains of a bat should NOT touch it. Local health officials point out that the bat may not be dead. Handling an unconscious bat may revive it and the person could be bitten.

Health officials also request compliance with the State regulations that require rabies vaccination for all dogs.

Senior citizen complex plan goes to Commission again

Plans for the 84-unit apartment complex for senior citizens to be constructed off Whiteoaks Road and South Bascom, continued by the Planning Commission at the last meeting, will be on the agenda again next Monday, June 4.

The matter was continued by the planning commissioners to obtain more information about the proposed development.

According to reports, the complex is to be built by regular financing methods but is to be turned over to the County Housing Authority, which will manage and rent the complex.

Some concern was expressed this week as to whether a quorum will be present next Monday. Two vacancies now exist. Four of the seven commissioners constitute a quorum.

On the agenda is the Gold Seal Realty application for a variance to allow a residential building to be used as an office.

Before the Commission also next Monday is a zone change request of Ray Torres.

Torres is requesting that two lots, one at 481 N. Milton and the other at 480 N. Carlyn be changed from residential to office zoning. The lots back up to each other and extend along Hamilton.

Carl Travis has submitted plans for an industrial building at 533 Union and Family Homes is seeking to build an industrial building at 599 McGlincey Lane.

The request of Charles Marotta for approval of plans converting a residence at 145 Dillon into an office, which has been continued from previous meetings, is also on the agenda.

Another hearing on amending the city's zoning map in order to conform with the general plan is also scheduled.

THREE VACANCIES EXIST

City seeks commissioners

Citizens interested in serving on the Planning Commission (two vacancies exist) were urged this week by the City Council to submit applications at once. Deadline for accepting applications is noon on Friday.

The vacancies were created by the resignations of Carl Larson and Milt Howe.

A vacancy also exists on the Parks and Recreation Commission.

By press time only five had picked up applications for the two Planning Commission openings from the city clerk in the city hall.

Applicants for the Planning Commission will be interviewed by the City Council on Saturday, June 16.

How important it is for city operation that the positions be filled as soon as possible was illustrated this week when concerned city officials were wondering whether a quorum will be on hand for the Planning Commission meeting next Monday, June 4.

A vacancy also exists on the Parks and Recreation Commission with the resignation of Hank Cary.

Applications for the Parks and Recreation Commission can be obtained from either the city clerk or from the public works department in the city hall.

Applications must be returned by June 11 in order that the applicants can be interviewed at the next Parks and Recreation Commission on Thursday, June 13.

The Parks and Recreation Commission, after the interviews, will make the recommendation to the City Council so the appointment can be made at the City Council meeting on June 25.

SOME INCREASES HIT 30%

Huge assessment hikes draw taxpayers fire

By George Vierhus

Assessed valuations of some residential properties in Campbell have increased by almost 30% over last year, according to a cursory "survey" conducted by The Campbell Press.

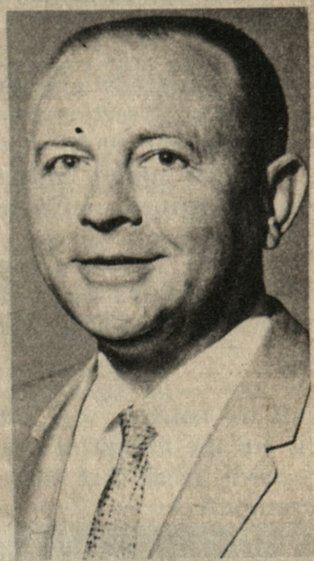
In other areas within the city limits, however, the increase has been less than 3%.

Assessed valuation of property is the basis for computing the tax rates.

County Assessor Dwight L. Mathiesen told The Press that parts of Campbell were "re-assessed" last year to bring their assessed valuations closer to the 25% market value, as required by law.

However, Mathiesen suggested that, if the assessed valuation on any property showed an increase of 20% or more over last year, his office should be contacted.

He indicated there was a possibility that there could be an error in computation which should be corrected as soon as possible.



DWIGHT MATHIESEN --county assessor

CALL 299-3011

The phone number to call is 299-3011. The county assessor's office is located on the second floor of the county administration building, 70 W. Hedding St., San Jose.

Mathiesen obviously would not "guarantee" that corrections would be made. But he emphasized that during the past years as the county attempted to bring its assessment figures closer to the 25% market value, the increases had been gradual ones.

For that reason, he added, his office should be contacted when there were "substantial" changes as is the case in Campbell. He emphasized that the "re-assessment," however, had not been confined to Campbell.

RECEPTION

Mathiesen also expressed concern over the cool "reception" some concerned property taxpayers in Campbell had allegedly received at his office when seeking information as to the reasons for the huge increase.

In one instance, it was learned, a clerk in the assessor's office merely said it was just tough luck when the increase was pointed out.

The increases apparently varied in degree from section to section in town.

In some instances, this was because a similar "re-assessment" had taken place in previous years.

HARD-HIT

One particular area of town that seemed to be particularly hard-hit was the Maple-Hawthorne-Poplar-El Patio Drive, etc. section.

Increases in assessed valuation for some of the property owners in that area ranged from 25% to 30%. One property owner figured out that, based on the current tax rate, the increase would cost him $154 next year. And that would be without any increase in the tax rate.

One property owner in the area, after viewing the increase claimed that the "full cash value" that was listed on the card from the county assessor's office, was higher than he could sell for.

In most instances, however, the "full cash value" listed on the assessor's cards, lists a lower figure than the property owner would want for his property.

But the property owners, faced with 20-30% increases in one year, maintain they are being treated shabbily and unfairly.

Those property owners who are on a retired or semi-retired status with fixed incomes, seemed to be the ones who have been hurt the most by the assessment hikes.

In order to facilitate matters, when property taxpayers call the assessor's office at 70 W. Hedding St. (299-3011) they should refer to assessor's parcel number listed on the cards.

A number of civic leaders have indicated that they would like to be kept informed as to the "reception" and explanation the taxpayers get at the assessor's office.

Campbell gets state funds for classroom materials

Campbell's share of AB 531 funds for books and instructional materials will amount to $51,824 Campbell (elementary) school trustees learned Thursday night. In addition, a cash allotment of $5,098 will be available July 1.

In the report, presented by Ruth Launer, Director of Instruction; trustees were told that the order, due to be sent to Sacramento by June 1, will be for the 1974-75 school year.

Under the new provisions school districts may select their materials from a wide range including films, filmstrips, recording, charts and other non-text items in addition to standard textbooks. Districts are being provided with both credit and cash allotments for their instructional material sections.

In other business trustees;

Entered into an agreement with the Santa Clara County Superintendent of Schools to provide unemployment insurance assistance to the district at a cost of $1.75 per classified employee.

Heard charges from representatives of teachers' organizations that some classified employees have been intimidated in their efforts to carry on union activities.

Set future meetings for June 14, July 15 and August 1, with a special meeting set for July 12 to review the publication budget. At the July 5 meeting the three incoming board members will be sworn in. Jennie Vaughn, Gordon Abbott and George Baker will take the seats vacated by Eleanor Graham-Armstrong, Judy Ruscigno and Ralph Steinberg. The three board members did not seek reelection.

RESIGNS---Henry (Hank) Cary, a member of the Parks and Recreation Commission since 1968, has submitted his resignation, effective May 24. Cary, an employee of IBM, will attend a one-year long institute sponsored by IBM at the University of Vermont, in Burlington, Vermont. Although his family will remain here while Gary attends the institute, Cary indicated that he felt he could not do justice to his duties on the commission by attending meetings periodically.

Cary, long active in parks and recreational activities, has virtually become a "specialist" in the planned development of Rincon Park, for which the contract for the first phase was awarded last week.

Editorial

City's tax rate

Now that the Citizens Advisory Goals Committee has "ranked" the priorities for capital improvement cost items and other projects and policies for the city, it is possible to put into perspective, to a considerable extent, the type of city that is desired.

We concede, of course, that the report and recommendations of the citizens goals group represents the thinking of less than 80 people, a tiny percentage of the city's population.

The recommendations, therefore, under no circumstances can be considered a "mandate" to the City Council.

The recommendations do, however, represent the input of a cross-section of civic leaders and on that basis we feel the report of the citizens goals committee has a far greater impact than would be the case under different circumstances.

We believe that the Citizens Advisory Goals Committee has served a very useful purpose in establishing the guidelines and objectives of this city on a priority basis.

But we reiterate that, although the recommendations are the efforts of sincere citizens, it does not necessarily mean that the recommendations must be put into effect.

We have mentioned in previous editorials that the City of Campbell currently is in the healthiest fiscal position in its 21 years of cityhood.

It is possible that, because of this excellent fiscal state, that many of these recommendations of the Citizens Advisory Goals Committee can be, and perhaps should be, put into effect.

But we maintain that we must proceed with caution.

Many of these recommendations are of a permanent nature and, should they be put into effect, the city would be committed year after year.

We sincerely believe that the City Council must very carefully examine the situations, both from a long-range and current point of view.

And after careful examination, the City Council must weigh the improvements, the additional services and manpower required against the tax base and then determine what the citizen taxpayers are willing to pay for these improved conditions.

As a related matter, The Campbell Press this week is calling attention to the huge increases in assessed valuation in some areas of the city.

The assessed valuation, as you know, is the basis for the tax rate. The rates of the various tax-levying agencies, i.e., schools, county, city, district, are based on each $100 of assessed valuation.

In one particular code area in town, for example, the total tax rate last year was $12.746 per $100 assessed valuation.

And in one case in town, the assessed valuation of a parcel jumped 28% this year from last. Our calculations showed that such a hike would amount to $154 increase in taxes from last year, even if there was no raise in the tax rate.

We are well aware that the City of Campbell tax rate represents only about 12% of the total tax bill. In other words, if one's tax bill is $800, the city's cut would be slightly more than $100.

On the other hand, we believe that it is at the city level where the citizen can make his most personal contact and impact.

When we urge the City Council to move cautiously in the realm of tax-levying this year, we recognize that the council's actions affect 12% of the tax bill.

On the other hand, we are more aware of the city's fiscal activities, than any of the other tax-levying agencies.

For example, we realize that for the past several years, the City of Campbell has levied an "extra" 12-cents on the tax rate in order to finance specific projects, e.g., to complete and furnish the main portion of the city hall and to complete and furnish the engineering wing.

The projects for which this extra 12-cents was levied have now been completed, so does the 12-cent tax come off?

We suppose there will be some who will argue that the 12-cents should remain because the people have paid it for the past few years and are "used to it" and, after all, if it is left on, "it really won't be raising the taxes, it will be just keeping the same rate."

We maintain that this extra 12-cent levy should be removed, if the purposes for which it was levied have been accomplished.

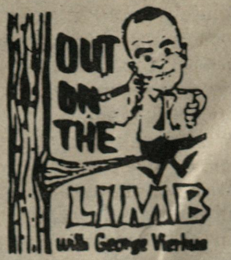
If it is found that some of these special projects that have been recommended but cannot be financed at a reduced tax rate, another look should then be taken at the overall tax picture.

A "specific" amount then could be levied for a specific purpose, as has been done in the past.

Or there is another alternative.

The project could be eliminated from the budget.

MORE ABOUT



(Continued from Page 1)

the basis for the tax rate.

-0-

ON THE OTHER HAND, proper zoning is of vital importance to all property owners and a zone change can affect the tax rate eventually.

It is important that all citizens have some understanding of the basic principles of zoning.

For example, what does R-1 mean? Or R-2-S or R-3-S or M-1-S or C-2-S or C-M or P-D?

Phil Stafford of the city's planning department told us that the zoning will have to be changed on 700 individual pieces of property to meet the requirements of the state law which specify that the zoning and general plan must be in conformity.

So far, Phil reports, the Planning Commission has acted on 200 of 'em.

Many of the changes are mere routine. As a case in point, 12 of the 25 actions taken at the last Planning Commission meeting merely recognized the present public use of the parcels in question and that was zoning recommended for them, "public facility".

Next Monday, (June 4), the Planning Commission moves on to another section of the city.

After all, there are still 500 more changes to make.

-0-

BECAUSE OF THE TIMING of these zone change recommendations of the Planning Commission, undoubtedly there are some residents of this community who probably feel there was some relation with the "notification of assessment" they have received in recent weeks from the county assessor.

There really isn't any connection, of course, except we think it is important that you ought to take another look at your assessment notification (if you haven't already).

Except maybe those with high blood pressure.

Those little cards from the assessor's office are not bringing you tidings of joy.

Or season's greetings.

The cards report the assessed valuation of the property one owns which is the basis for the property tax rate.

But to get it into the proper focus, one must compare this year's greeting from the assessor with last year's.

In many cases, it has been revealing.

-0-

REVEALING MAY NOT be the proper word.

"Shattering" or "shocking" would probably be better in many cases.

That is with respect to the increase from one year to the other.

In some instances, the jump in assessment has been as much as 30%.

In our opinion, such an increase in one year is grossly unfair.

Conceding that there may not have been any increases for a number of years and the assessor's office wants to "catch up," we maintain it should be done on a gradual basis.

We realize that the state now requires that the assessed valuation must be 25% of the full cash value.

But we think it is all wrong to take a giant leap in one year.

In one case we checked on, the increase over last year was 28%. We figured this meant, based on the current tax rate, that the taxes on that property would go up by $154.

And that is without any increase in the tax rate.

-0-

THE PRESS HAS CALLED attention to these abnormal increases because we feel they are out of line.

We have talked with Dwight L. Mathiesen, the county assessor, and he concedes that anything over 20% should be reviewed.

He also submitted that it is possible that an error could have been made in the computation.

We know of several instances where the original notice already has been corrected.

We suggest that those of you who feel the increase this year is out of line, to contact the assessor's office, giving your parcel number and other information.

The phone number is 299-3011.

We also are anxious to learn what reception the caller gets from the parties who handle these calls.

We sincerely believe the taxpayer has every right to learn all the facts about the situation and should be treated courteously.

We have no way of knowing whether there have been mistakes made in the computation and some of the increases that have been listed are in error.

And it may be that the calls will not affect the situation in any way.

But call.

And let us know.

Unique contest features Aero liquidation sale

An unusual promotion contest at Aero Pharmacy, 2045 Winchester Blvd., which is currently liquidating business, has attracted attention from customers because of a contest to get local persons to "compete" for prizes.

Unlike most competitions, the Aero contest, which currently has 78 participants, is based on a number of factors, such as age, height, weight, mileage and a host of other unusual methods which earn votes for the contestants.

Prizes for the contest include a bedroom suite, a dinette set and a recliner. Contestants include: Josephine Ruelas, Myrtle Dixon, Lee Mason, Una Brians, Clarice Gorman, Katherine Maier, Marie Colvett, Neva Brown,

Margaret Shrana, Hazel McMonagale, Rose Marie Gangliardo, Jonnie McFall, R. J. Leach, Dede Meredith, Betty Ballard, Felice Meujahr, Eva Cefalu, Irma Zech, Hazel Peters, I. O. Skaggs, Dorothy Alexander, Verna Rancour, A. Rogers.

District student leaders hold all-day conference

Student body officers from Campbell Union School District's five seventh and eighth grade schools, for the purpose of exchanging ideas on improving inter-school and intra-school relations, recently held an all-day conference at Rolling Hills School, with 29 student leaders participating.

The idea originated in Mrs. Doris Browning's first period English class. It was developed on a trial basis, with a committee of seven members, and Pat Acosta acting as chairman.

With the full support of the Rolling Hills student council, the principal Bob Turk, and faculty members, student body officers of Monroe, Blackford, Cypress and Campbell schools were invited. In all, 29 student leaders participated in the day's activities.

Small group sessions discussed student problems and groups also shared successful ideas on how to develop school spirit.

Luncheon and snacks were provided for all participants by the host school, and a tour of Rolling Hills School was part of the lunch hour program.

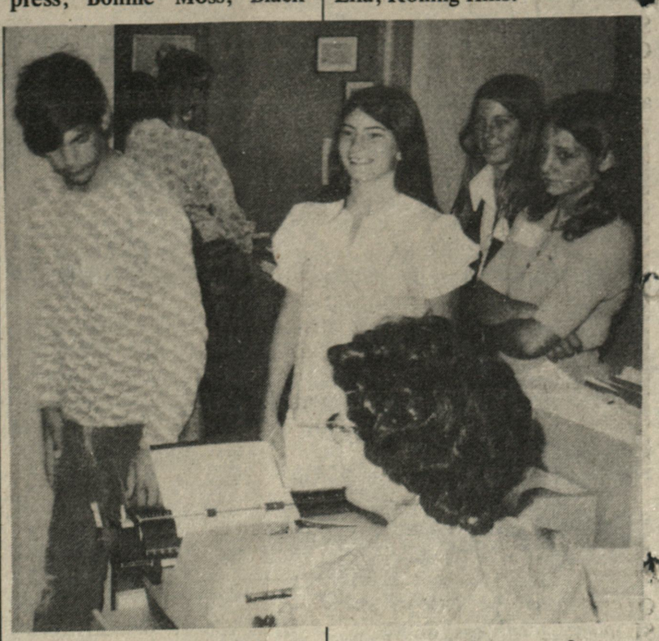
HONOR TRUSTEE

On Wednesday, June 6, the Cambrian School District trustees and the Home and School clubs will honor retiring trustee, Virginia Grewohl with a dinner.

Mrs. Grewohl served on the Board for eight years with nearly perfect attendance. Under her guidance many district innovations were implemented.

The dinner will be held in the Fammatre School at 7 p.m. to celebrate the retiring trustee.

ATTEND CONFERENCE—Student leaders from the five junior high student bodies of the Campbell Union (elementary) School District met recently in an all-day conference at Rolling Hills. Pictured are the student body presidents, left to right, Judy Kojima, Cypress; Bonnie Moss, Blackford; Bruce Achziger, Monroe; Pat Acosta, Rolling Hills and conference chairman; Becky Smith, Campbell; Rose Elia, Rolling Hills.



ON TOUR—Frank Giammona and Cindy Carter visit the Rolling Hills School office at the recent all-day conference of student leaders held at Rolling Hills School.

SEEKING VOLUNTEERS—Campbell Fire Department is now accepting applications from young men who would like to become volunteer firefighters. The volunteers must be residents willing to participate in two evening sessions per month and to respond to emergency calls. Further information can be obtained from the headquarters station, 485 W. Sunnyoaks Ave., or by calling 378-8146.

Letters to the Editor

IN APPRECIATION

Dear George:

Words cannot adequately express our appreciation to the many individuals who offered their sympathy by masses, flowers, cards and memorials in the recent death of our husband and father, Frank Podgorsek, Duluth, Minn.

Our family has a lasting memory of the thoughtfulness of the Californians, who made our bereavement much lighter.

The humanness shown us from such a distance intensifies our deep feeling of thankfulness, that such wonderful people exist.

Thank you all very much.

Sincerely,
Mrs. Anna Podgorsek
Duluth, Minn.

THANKS TO CITIZENS

Dear George:

I would appreciate it, if you would publish the following letter in The Campbell Press.

Bob Diaz

Dear Fellow Citizens:

Do you know over the last two (2) months we have applied street seals (Gilsabind and Slurry) to over 1,000,000 square feet of street surface within the City of Campbell. Over the last three (3) years we have applied over 4,000,000 square feet of street seals.

I would like to take this opportunity on behalf of the City of Campbell, our crews and myself to thank you for your cooperation, patience and courtesies you have extended my men while these projects were in progress.

If there are any questions you would like to ask about our seal programs feel free to call me at 378-8141, ext. 248.

I am looking forward to working with you again in the near future, and I am sure we will have just as successful of a program as in the past.

Sincerely,
Robert L. Diaz, Public Works Supervisor

SPIRIT COMMISSION---Campbell High School's Spirit Commission is holding their annual "Spirit Banquet" this evening, May 30, in the school cafeteria. Three new additions have been added to the 1973-74 group and include Melanie Hitch, Jill Montgomery and Lynne Hermle.

OUTGOING COMMISSIONER---Liz Doss, outgoing spirit commissioner at Campbell High School, is chairman of the annual "Spirit Banquet" this evening, May 30, in the school cafeteria.

Children's theater to hold auditions this Saturday

Campbell youngsters, up to 16 years of age, are invited to audition for the San Jose Children's Musical Theater summer workshops.

Registrations and auditions will be held on Saturday, June 2, at the Community Room of the San Jose Library on San Carlos Avenue.

Children six through 12 years are asked to come from 9 a.m. to 12 noon that day and teens from 1 to 4 p.m.

Two major productions will be cast this Saturday and include "Babes in Toyland," and "Don Quixote."

Both productions are under the direction of John P. Healy, Jr.

For further information call 265-1490.

School garbage can lids were put up for sale

Eleven movie screen stands, two talking books and 20 garbage can lids were just a few of the items put up for sale by the Campbell (elementary) Union School District last week.

Over 800 items labeled "obsolete and surplus" went on sale last Friday morning at the corporation yard in Campbell.

After hearing a description of the surplus fixtures and equipment Thursday evening, school trustees suggested that all items be sold, "as is."

District business manager, Dr. A. O. Bachelor, told trustees, "In the last 20 years there is no recorded history of the sale of obsolete equipment."

One suggestion came from board president Dr. Robert King. "Let's call them antiques," he quipped, "then we can double the price."

Trustees learned that some of the items could not be repaired because parts aren't available, with some the repair costs would be prohibitive and a few were even turned down for use as trade-ins on new equipment.

"There's no question that putting a price on these items will increase their saleability," Bachelor said.

Evidently, it did.

PAUL & MS. MAUREEN

(Macierz) (Hillyard)

Paul: I was never so embarrassed in my whole adult life.

Ms.: You've only been an adult for three months.

Paul: I was mortified.

Ms.: Where and Why?

Paul: I don't want to talk about it---the Journalism Banquet!

BROTHER SUN, SISTER MOON

This is the last movie review of the year (*sob) The PA/YFC has had many poignant and beautiful films for us to review this year, but the best by far has been Franco Zefferelli's, "Brother Sun, Sister Moon."

This film was about the early life of Saint Francis of Assisi. The movie did not try to portray him as a saint, but a "man who loved God."

Many people do not know of the early life of Francesco de Assisi, which Brother Sun, Sister Moon told of beautifully. He was a young man who "deviated" from society by chasing butterflies and watching flowers.

Graham Faulkoner played the part of Francesco. The beautiful music done throughout the film was written and sung by Donovan.

Go see it, it's a moving experience.

Ms.: How could you have gotten embarrassed at the Journalism Banquet?'

Paul: I don't want to talk about it!!

HASSLING BACK

In the past we've complained about the library policies.

These policies have been absolutely incoherent and helped to turn off many students to the library's main goals; which are free and unrestricted learning.

Westmont's librarians have hit an all-time low.

We have put up with the inconsistency of many signs telling the students how many get in to view the library stacks.

The number has varied between one and six. The word "browse" is foreign to the library's dictionary.

We've taken these with no explanation.

We even accepted the removal of all magazines--a vital source of new information. Even the newspapers were banished.

Now, as the end draws near, and many students are busily trying to find needed information, in the form of library books, the students of Westmont have to put up with another indignity.

The librarians have now roped off the library book shelves. Each student must ask permission and is interrogated by the librarians when he wants to check out books.

I personally saw the head librarian refuse to give a girl a biology book she wanted because she was not enrolled in that class.

The student left disgusted. We are disgusted. Whatever happened to the librarians who helped you instead of fought you?

Ms.: Was it because the whole staff was dressed in the avante gard, namely velvet suits, crutches, diamond hairnets and knickers--

Paul: I like my knickers and I still don't want to talk about it.

UPCOMING EVENTS, NEWS AND GOSSIP

Attention! Seniors! Only two more days of class.-- Rejoice! June 8 is that old tradition--Baccalaureate.

It is rumored that there is going to be a band concert tonight. If there is - go and get in some good vibes; if there isn't, go home and listen to Bette Midler's, "Boogie Woogie Bugle Boy."

The Wounded Warrior returnith sponsored by the organization of students for a democratic involvement.

"Master" G.M. -- a message -- pity, pity, pity.

Ms.: Was it because when we walked in late, we were immediately spotted by Sandy Mann, Lynne Hermle, and Mike Lindsey?

Paul: I don't want to talk about it.

WE SAW YOU!

On Tuesday, May 22, we walked in late to the journalism banquet. It was rather boring, but walking in like Sam Sneed and Virginia Graham added a bit.

But the heart attack of the evening was seeing our arch enemies lying in wait for us.

We were going to say "hi" to Sandy Mann, until we saw the mammoth 6'8" Mike Lindsey coming our way. So instead Paul put on a fur and abandoned his golf club to elude our predators.

Ms.: Get your head out of the oven! Don't you know that's what they want! Be brave.

Paul: I can't help it, Roonie, at that banquet last week all my fear came to be.

Ms.: Tell Maureen all about it, Bunkie.

EGO CORNER

We radiate Don Martin, Ron Helder, and Sheila Brown (wherever she may be) for winning their honors in the district journalism competition.

Also we concede a special Ego to Brian "C.J.J." Christianson for bravely putting up with us and the whole Shield staff, our antics, our tricks, our respect.

Paul: Don't you realize that we are the SHORTEST columnists on the high school column circuit!

Ms.: Wait! before you turn the oven on....

Paul: Yes?

Ms.: Is there any room for me?

PANCAKE BREAKFAST

A fund-raising breakfast will be held this Sunday, June 3, at the Odd Fellows Hall, 1030 Emory St., San Jose, from 9 a.m. to 12:30 p.m. Sponsored by the Odd Fellows-Rebekah's, proceeds will go toward helping with research and eye-transplant funding. Donations are $1.50.

MYSCHOOL OPEN HOUSE

Myschool, a non-profit alternative elementary school, will hold an open house during the week of June 4 through 9. Morning and afternoon hours have been planned.

The school is located at 1550 Meridian Ave., San Jose.

You install an Armstrong Solarian™ no-wax floor, for the same reason you install a dishwasher.

To free you from an unpleasant, time-consuming chore. That's why people buy dishwashers . . . That's why they buy Armstrong Solarian. Solarian is a major breakthrough in easy-care flooring. WANT TO KNOW THE HONEST TRUTH ABOUT GROUND BEEF?

IT'S THIS: NOBODY can guarantee its EXACT fat content.

There's been lots of talk lately about the fat/lean ratio in ground beef. So why not label each package: Contains X% of fat? Let us tell you why.

We've been making ground beef just about as long as anyone and we know there's no way to make two batches that are exactly alike. Two samples taken from the same batch (or even the same package) can differ in ratio of fat to lean. Even with meticulous care in selecting ingredients, there are variations in fat/lean ratio. Even with our most modern grinding and mixing equipment. Even with use of the best available fat-measuring devices.

Yet we know our customers want and expect us to provide them with a choice of ground beef products to meet their varying preferences, tastes and budgets. After long and careful consideration, we have concluded that we can best meet our customers' need for variety by offering just two ground beef products—REGULAR and PREMIUM. We make both kinds from fresh chunks of beef. We prepare both kinds with equal care to maintain the top quality which has helped earn our fine meat reputation.

Our REGULAR is made the way we believe most families prefer their ground beef. It contains enough fat to assure full juiciness in the cooked meat. It makes marvelous hamburgers, meat loaves, meat balls, spaghetti sauce, Salisbury steak and other delicious dishes.

Our PREMIUM is made to please families that want a leaner ground beef. It shrinks less in cooking and makes wonderful ground beef dishes of all kinds—plain and fancy.

Why not try both kinds and see which is preferred by the folks at your house? (You might even want to make a mix with some of each.) The famous Safeway money-back guarantee applies, of course, to our ground beef as to all of our other products.

OUR TOWN

by JoAnn Zoller

Weather's warming up, kids will be out of school in two weeks, and localites are making vacation plans, all of which adds up to the fact that the 'good ol' summertime' is nearly here.

Of course summer wouldn't be summer without America's favorite warm weather get-together--a picnic, and picnics-a-plenty are in the works.

ST. LUCY'S Parish Picnic will be held this Saturday, June 2, at the Blackberry Farm in Cupertino beginning at 9 a.m. Sunday, June 3, is the date set by the CAMPBELL MOOSE LODGE for their first get-together of the season to be held at Alpine Park in San Jose.

Two picnics are planned by the CONGREGATIONAL CHURCH OF CAMPBELL. The church's Crusader Choir will hold their annual picnic and swim party Saturday, June 2, and the all-church outing is scheduled for Sunday, June 10, at Coyote River Park.

The First United Methodist Church plans their excursion to Vasona Park for Sunday, July 8...

Getting a jump on the traditional summer vacation were....

KEN and DORIS ADERMAN of Payton Avenue recently returned from a vacation in Hawaii where they visited with daughter KAREN and son-in-law GARY LOGSDON, who is on assignment in Honolulu for the Department of Health Education and Welfare.

The Aderman's younger daughter KIM didn't go with them but she has a trip of her own planned later this summer when she will take a six week European tour with the Foreign Study League....

MYRON and DOROTHY ALEXANDER of Campbell have also recently returned from a holiday. Their vacation included such far away places as Amsterdam, Frankfort, Germany, Zermatt, near the Matterhorn where they did some skiing and Lausanne, Switzerland where they attended the Rotary Club International Convention....

Speaking of the ROTARY CLUB...A special treat is in store for club members at next Monday's meeting when the CHORALE group from WEST VALLEY COLLEGE will present a musical program. This is the same group of 30 singers who performed in concert at the college auditorium last Thursday...

Memorial Day weekend was celebrated in a relaxing style with plenty of fresh air, sunshine and fellowship by members of the IMMANUEL UNITED PRESBYTERIAN CHURCH who spent the weekend at the mountain retreat of Camp Corralitos...

The curiosity of members of the XI NU ALPHA CHAPTER of BETA SIGMA PHI was satisfied recently when the "secret sisters" were revealed at a special end-of-the-year dinner and gift exchange. Festivities were held at the home of club president, MRS. NEIL DUGGAN...

Congratulations to ALLEN M. PETERSON, son of WILMA PETERSON of Winchester Boulevard, who recently won one of the highest honors possible in his field. He was elected to the National Academy of Engineers for his contribution to the technology of monitoring the land-sea atmosphere at a distance.

Reservations will be accepted until May 31 and may be made by calling Leola Gaddis at 378-3570.

Music recital is scheduled

Long-time Campbell resident and music teacher, Mrs. Margarite E. Schmidt, will hold an annual spring recital, Thursday, June 7, at 7:30 p.m. at 270 Umbarger Rd., San Jose.

Piano students scheduled to perform are Lisa Strecker, Pauline Sequin, Janice Sequin, Susie Robertson, Judy Suter, Stacey Huffaker, Scott Cain, John Cain, DeDe Curry, Annie Etchebarne and Mary Boner.

Kathleen Whitefield and Brian Hasser will give a guitar recital. An organ recital will be given by Carolyn Moore.

SMILES AND TEARS OF GRATITUDE --- Mrs. Helen Riedel, director of Campbell Parents' Nursery School, was honored recently by members of the group who presented her with a 1967 Mercury Park Lane auto. Mrs. Riedel has been director of the school for the past 15 years.

Nursery school teacher honored

On May 1, the members of Campbell Parents' Nursery School showed their affection to their director of 15 years, Mrs. Helen Riedel, in a rather unusual manner.

The group of 72 parents gathered at Del Mar High School for their final general meeting of the year and listened to Sergeants Stan Troia and Don Dore' of the Campbell Police Department give a presentation of "Self Defense for Women."

Following their talk, Mrs. William Alkire, school president presented Mrs. Riedel with a charm from this year's "graduating" class to add to her 15 year old bracelet.

Sgt. Dore' then asked the members to step out to the parking lot to observe one final demonstration of self defense.

Mrs. Riedel was led to a gift-wrapped 1967 Mercury Park Lane automobile, given the keys and told it was hers.

The evening ended in a round of applause, many tears, and a cheer as Mrs. Riedel drove off in her new car.

ARTS AND CRAFTS SHOW

An Arts and Crafts Show will be held at Immanuel Lutheran Church, 1710 Moorpark Ave., San Jose, on Saturday, June 2. The event, set for 10 a.m. to 5 p.m., will include all types of arts, handicrafts, both on exhibit and for sale, a bake sale, and demonstration of crafts and talents.

Woman's Club installs officers

Members and guests of the Country Woman's Club of Campbell will meet Monday, June 4, at the Los Gatos Lodge, for a noon luncheon, followed by an installation of new officers.

Outgoing president, Mrs. Kathleen Smith, will turn over her gavel to new president, Mrs. Everett W. Grell.

Mrs. Eldred Nelson, chairman for the day, will be assisted by Mrs. L. L. Jones, Mrs. Wm. A. Warren, Mrs. W. R. Morgan and Mrs. Frank Meiss.

"Applause" opens here

Public performances of "Applause," the closing production of the West Valley Light Opera's current season, begin Friday, June 8 at 8:30 p.m.

Saratoga Civic Theatre is the site of the performances directed by Armand Plato. Choreography is by Barbara Valente, Stella Loff Wood directs the chorus and the orchestra will be under the baton of William J. Resch.

For more information call 356-6410.

"Woman of the year" chosen by club

A 17 year member and past-president of the Campbell Garden Club was chosen Woman of the Year by the local organization at their recent luncheon meeting at the Holiday Inn in San Jose.

Mrs. James Hartman was selected by the committee headed by Mrs. Joseph Aversente.

Citing her many projects and accomplishments during past years, Mrs. Aversente presented the honoree with a bound book containing mementos of these past projects.

Under her presidency the Campbell Garden Club won its first award from the state gardening club at the state convention. The group's history book, compiled by Mrs. Hartman, won a blue ribbon in the state judging.

Some of the fruits of Mrs. Hartman's efforts also include the Hamilton Avenue divider strip and she also contributed to such projects as selecting plants for the Campbell City Hall, directed the planting days at the Sunnyoaks Avenue fire station, assisted in the planning and planting at Gomes Park and assisted with planting trees along the San Tomas Expressway.

Mrs. Hartman was also one of the original members of the Campbell Citizens for Beautification, serving as the first vice-chairman.

On hand for the presentation was Mrs. Hartman's mother, Mrs. Minnie Snyder, who is also an active member of the Campbell club.

The Woman of the Year is the wife of James Hartman, Sr., financial administrator for General Electric's San Jose office. She is the mother of Mrs. Clyde Adamson and James Hartman, Jr., security supervisor for J.C. Penney's at the Westgate Shopping Center. She is also the grandmother of Scottie Adamson.

The recent event also marked the silver anniversary of the club. Mrs. Stanis Rohde, a charter member, was honored at the luncheon.

"Fantasma" sets show to sponsor Disneyland trip

NEW SOUND---A benefit concert is planned by "Fantasma" this Sunday, June 3, in the Campbell High School auditorium. Proceeds will go to pay expenses for the trip to Southern California June 8.

"I BELIEVE IN MUSIC"---One of the many numbers to be presented by the new Campbell High School group this Sunday at 2 p.m. in the Campbell High School auditorium.

TRUMPETER----Bruce Horti is among members of "Fantasma" planning a concert this Sunday afternoon at Campbell High School to raise funds for a trip to southern California.

New group works hard to get their show on the road

With invitations to perform at Disneyland and Pepperdine College extended to the Campbell High School musical group, "Fantasma", they're hard at work trying to raise money for the trip.

A benefit performance is scheduled for this Sunday, June 3, at 2 p.m. in the high school auditorium. Admission is $2 for adults and $1.50 for students. A door prize is also being offered (a guitar valued at over $100) to student ticket holders.

The group is scheduled to perform at Disneyland on June 9 at 11 a.m. in the Plaza Gardens and June 8 at 8 p.m. on the Malibu campus of Pepperdine College.

TOTAL COST

Total cost of the trip will be around $2,000, according to Bill Perkins, director.

Featured numbers at Sunday's performance will be "One Fine Morning", "I Believe In Music", and "Save The Country", among others.

Featured soloists will be Bill Branson, drummer; Jane Meredith, piano and flute; Lou Chiaramonte, saxaphone; Dave Grecco, trumpet; and vocalists Tom Gabbard, Lynn Eldredge, Sherrie Young, Joan Evans, Lorrie Bryant, Pete Fair and Rich Smith.

"Fantasma" is under the direction of Perkins, orchestra and band leader at the local high school. Choreography is by Marie Stinnett and special musical arrangements by Earl Smith.

CURTAIN CALL

Local members of the new group are, singers and dancers, Lorrie Bryant, Mike Burton, Lynn Eldredge, Dawn Engdahl, Joan Evans, Peter Fair, Tom Gabbard, Irene Johnson, Mike Mann, Sally Merriell, Mark Nichols, Dave Parker, Cynthia Perry, Rich Smith, Jody Tacchini and Sherrie Young.

Musicians include: Janet Bianchi, Bill Branson, Lou Chiaramonte, Dave Grecco, Bruce Horti, Jane Meredith, Jerry McAlahney and Ken Wirt.

Technical staff includes: Jan Menkemeller, Pat Powers, Brian Santos and Tim White.

TODAY'S MUSIC

According to Perkins, some members of the performing group also make up the nucleus of Campbell High's drama department. He sees the group as part of a national movement.

"Fantasma" gives these students an outlet to perform today's music," said Perkins, "and that music is good music."

A FRIENDLY CHAT---"Fantasma" director Bill Perkins reviews a number with the Campbell High School group.

YOUNG SOUND---The 28-member Campbell High School group has been performing at many local schools and organizations since they were organized in the fall of 1972.

DISNEYLAND HERE WE COME---The local high school musical group is scheduled to perform in the Plaza Gardens at Disneyland on Wednesday, June 9 at 11 a.m.

FROM POPULAR TO ROCK--"Fantasma" has received invitations to perform at both Pepperdine College and Disneyland in June. The group is busy raising funds to make the trip.

LEGAL NOTICE

ORDINANCE NO. 893

BEING AN ORDINANCE OF THE CITY OF CAMPBELL AMENDING TITLE 21 OF THE CAMPBELL MUNICIPAL CODE BY AMENDING CHAPTER 21.68 BY ADDING SECTION 21.68.050 (E) ENTITLED PUBLIC EVENT SIGNS.

The City Council of the City of Campbell does hereby ordain as follows:

SECTION ONE: That the following chapter be and the same is hereby enacted as a part of Title 21 of the Campbell Municipal Code.

Chapter 21.68
SIGNS

Sections:
21.68.010 Regulation.
21.68.020 Number and surface area
21.68.030 Exemptions.
21.68.040 Permitted.
21.68.050 Temporary.
21.68.060 Permanent.
21.68.070 Permit
21.68.080 Application for permit.
21.68.090 Approval of permit.
21.68.100 Referral.
21.68.110 Appeals from decisions.
21.68.120 Action by planning commission.
21.68.130 Nonconforming.
21.68.140 Abandoned.
21.68.150 Signs on vehicles.

21.68.010 Regulation. The purpose of this chapter is to promote the public safety, convenience, health and general welfare of the citizens of the city by regulating the location, number and design of signs. These regulations shall apply to all zoning districts in addition to any specific provisions in the applicable zoning district regulations. (Prior code §9330).

21.68.020 Number and surface area. For the purpose of determining the number of signs, the sign shall be considered to be a single display device containing elements organized, related, and composed to form a unit. Where matter is displayed in a random manner without organized relationship of elements, or where there is reasonable doubt about the relationship of elements, each element shall be considered to be a single sign.

The surface area of a sign shall be computed as including the entire area within a regular geometric form or combinations of regular geometric forms comprising all of the display area of the sign and including all of the elements of the matter displayed. Frames and structural members not bearing advertising matter shall not be included in computation of surface area. When the size of a sign is regulated, the regulation refers to one display surface only. On a sign having more than one display surface, each display surface may equal the maximum dimensions prescribed in the regulation unless otherwise specifically provided. (Prior code §9330.1).

21.68.030 Exemptions. The following signs shall be exempt from the regulations in this chapter:

(1) Signs not exceeding one and one-half square feet in area and bearing only property numbers, post-office box numbers, names of occupants of premises, or other identification of premises not having commercial connotations except for identification of an approved home occupation;

(2) Flags and insignia of any government except where displayed in connection with commercial promotion;

(3) Legal notices; identification, informational, safety, or directional signs erected or required by governmental bodies or public utilities;

(4) Integral decorative or architectural features of buildings, except letters, trademarks, moving parts, or moving lights;

(5) Signs directing and guiding traffic and parking on private property, but bearing no advertising matter and having a display area of less than six square feet;

(6) Signs not exceeding twelve square feet in total display area pertaining only to the prospective sale, rental, or lease of the premises upon which displayed;

(7) On-site signs temporarily attached to or lettered on the exterior or interior of a store window. (Prior code §9330.2).

21.68.040 Permitted. Signs may be permitted in the city only in the cases and under the conditions set forth in Sections 21.68.-070 through 21.68.090. All signs not specifically permitted by or exempted from these regulations are prohibited. (Prior code §9330.3).

21.68.050 Temporary. (a) On-site signs not exceeding forty square feet in area, for each display surface, advertising the sale of subdivisions of five or more lots may be permitted provided that not more than one such sign having not more than two display surfaces may be located at each major approach to the subdivision, and provided further that the display of such signs shall be limited to a six-month period. At the expiration of such fixed period of time, the applicant may request a further extension of time; otherwise, the sign shall be removed. When the fixed period of time for the display has expired and the sign has not been removed, the city, after ten days notice to the owner, may enter upon the premises upon which such sign is located and remove such sign at no liability to the city and at the expense of the owner.

(b) One on-site sign not exceeding forty square feet in area, for each display surface, announcing the name and character of any non-residential building or complex, either to be constructed or under construction, may be permitted provided that such sign shall be removed within three months after final inspection of the building.

(c) Political signs (signs designed to influence the action of the voters of this city) may be permitted, subject to the following conditions:

(1) Each display surface for such signs shall be no larger than forty square feet and no signs shall have more than two display surfaces;

(2) Signs shall not be placed on public property nor in any residentially zoned districts;

(3) Signs shall be permitted thirty days before an election and shall be removed within ten days after the same election.

(d) The use of pennants, streamers or whirligigs may be permitted in connection with a "grand opening" or "open house." The display of such devices shall be limited, in the permit, to a specific period, as approved by the planning director. When the fixed period of time has expired and the sign has not been removed, the city may enter upon the premises upon which such devices are located and remove such devices at no liability to the city and at the expense of the owner. (Prior code §9330.31).

(E) Special Event Signs (Signs relating to Holidays, Festivals, or Commemorative days) may be permitted, subject to the following conditions:

(1) Signs shall be limited to a specific period of time, as approved by the Planning Director. When the fixed period of time has expired and the sign has not been removed, the City may enter upon the premises upon which such devices are located and remove such devices at no liability to the City and at the expense of the owner."

(2) Signs exceeding forty square feet, 35 feet in height, or projecting above the roof line of a building shall require approval of the Planning Commission.

21.68.060 Permanent. All permanent signs shall be designed so as to be architecturally compatible with and suitable for the buildings and structures with which they are associated as well as the surrounding area. Signs which are proposed to be oriented to, or which are intended to be viewed primarily from freeways, expressways, or public facilities, shall be considered by the City Council upon recommendation from the Planning Commission and shall be for the purpose of identification only. Applications for such signs shall be considered by the Planning Commission in the same manner as architectural and site approval applications and in accord with the guidelines expressed by this chapter. The recommendation to the City Council shall be forwarded from the Planning Commission within 60 days of the filing of the application.

(1) On-site signs which idenify or convey rental information about multi-family or group dwellings may be permitted on the premises provided:

(A) The total display area for all signs for any one development is no greater than eighty square feet and no single sign shall have a display surface greater than forty square feet.

(B) The signs shall not move, nor be animated, nor have flashing or moving lights.

(C) Any illumination shall be provided either by interior lights or reflectors concealed in shrubbery or decorative structures. Such illumination shall not cause any glare on surrounding streets or adjacent property.

(D) The signs may be attached to or painted on the building or free-standing. If attached, such signs shall be parallel to the building wall to which it is attached and shall not project above the roof line nor beyond the walls of the building. If free-standing, such signs shall not project over public property nor be more than six feet high;

(2) On-site signs with the name of an office building or the names of the occupants or business, professional or administrative offices may be permitted provided:

(A) The total display area for all signs for any one development is no greater than eighty square feet and no single sign shall have a display surface greater than forty square feet.

(B) The signs shall not move, nor be animated, nor have flashing or moving lights.

(C) Any illumination shall be provided either by interior lights or reflectors concealed in shrubbery or decorative structures. Such illumination shall not cause excessive glare on surrounding streets or adjacent property.

(D) The signs may be attached to or painted on the building or free standing. If attached, such signs shall be parallel to the building wall to which it is attached and shall not project above the roof line nor beyond the walls of the building. If free-standing, such signs shall not project over public property for a distance greater than two feet nor be higher than thirty-five feet. Any sign, projecting over public property shall have a minimum of ten feet free clearance extending from the level of the sidewalk or grade, immediately below the sign, to the lowest point of the projection;

(3) On-site signs for conforming commercial and industrial uses may be permitted provided:

(A) The number and size of individual signs shall be no greater than is necessary to adequately identify the occupants of the premises and indicate the products or services offered. Unless essential for the operation of the business, such signs shall be attached to or painted on the building and parallel to the adjoining street.

(B) No sign shall have a display surface greater than two hundred and fifty square feet. A sign, whether free-standing or attached to a building, may have a total height not exceeding thirty-five feet above ground unless such sign is designed as a part of the architecture of a building which is higher than thirty-five feet. If a sign is designed as a part of the architecture of a building higher than thirty-five feet, the sign may be as high as the roof line of the building but shall not extend above the roof or parapet wall of the building.

(C) Individual signs for occupants in the same building or shopping center shall be of the same size and design insofar as possible.

(D) No sign shall project over a public right-of-way for a distance greater than two feet. Any sign, projecting over public property, shall have a minimum of ten feet free clearance extending from the level of the sidewalk or grade, immediately below the sign, to the lowest point of the projection.

(E) No sign shall rotate or be animated by flashing or traveling lights with exception of time, temperature and news devices.

(F) Any illumination shall be provided either by interior lights or reflectors concealed in shrubbery or decorative structures. Such illumination shall not cause any glare on surrounding streets or adjacent property;

(4) On-site signs which identify public buildings or grounds, private institutions or churches may be permitted provided:

(A) The aggregate display area of all signs (including bulletin boards) does not exceed forty square feet.

(B) The signs shall not move, nor be animated, nor have flashing or moving lights.

(C) Any illumination shall be provided either by interior lights or reflectors concealed in shrubbery or decorative structures. Such illumination shall not cause any glare on surrounding streets or adjacent property.

(D) The signs may be attached to or painted on the building or free-standing. If attached, such signs shall be parallel to the building wall to which it is attached and shall not project above the roof line nor beyond the walls of the building. If free-standing, such signs shall not project over public property nor be more than six feet high.

(5) Off-site signs containing a list of civic organizations or indicating only the direction toward and distance to any civic, public or quasi-public facility may be permitted provided:

(A) Such signs are not illuminated nor animated by means of flashing or traveling lights, moving or rotating parts, or any other method causing a nonstationary condition.

(B) The display area of such signs is no greater than that needed to convey the required information.

(C) Such signs have been approved by the planning commission.

(6) On-site signs for non-conforming uses may be permitted provided:

(A) All regulations of the code pertaining to the use involved have been complied with.

(B) Such signs have been approved by the planning commission. The planning commission in granting approval shall be guided by the sign regulations pertaining to permitted uses in the same zoning districts and the relationship to adjacent development (Prior code §9330.3.2).

21.68.070 Permit. No sign (except those exempt from these regulations as provided in Section 21.68.030) shall be erected, re-erected, painted, repainted, created, or altered unless a permit has been issued by the building official as required by the codes and ordinances of the city. Except as otherwise provided, no permit shall be issued unless the proposed sign has been approved by the planning director. (Prior code §9330.4.1).

PASSED AND ADOPTED this 22nd day of May, 1973 by the following roll call vote.

Ghost town takes first in art talent contest

Del Mar student Elaine Harman won first prize in San Jose Parlor No. 81, Native Daughters of the Golden West art talent contest held recently at the Rose Garden Library.

Elaine entered a pencil drawing of the Ghost Town of Bodie. Judges Austin Warburton, historian; Ludwig Stromayer, professor of art at San Jose State University, and Viola Hulquist, area artist, judged Elaine's drawing best of ten entries.

Second prize went to Regina Lin of Campbell High School for her painting of the scow schooner, Wavlet, built in 1878.

A collage of San Miguel Archangel Mission done by Sally Jo Allen was awarded third place. She is a senior at Campbell High School.

A painting done in a primitive style won honorable mention for Lynn E. Olavarri, a junior at Del Mar High School.

Other entries included David Link and Debbie Kramer, both from Campbell High School. Entries from Del Mar High School were submitted by Jeanie Lauterdale, Mark Kaisis, Robert Culbertson and Jeff Cattaneo.

The first prize entry will now be submitted to the Native Daughters of the Golden West state-wide finals to be held during their convention in June at Santa Cruz.

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Board of Supervisors of the County of Santa Clara, State of California, in the Office of the Clerk, County Administration Building, Room 524, 70 West Hedding Street, San Jose, California 95110, up to 2:00 o'clock p.m., June 7, 1973, for

THE IMPROVEMENT OF LAWRENCE EXPRESSWAY FROM ROUTE 101 TO ROUTE 237

in the County of Santa Clara, State of California, in accordance with plans and specifications on file for the work in the Office of the Clerk of the Board of Supervisors.

The bids will be opened by the Clerk of the Board of Supervisors at the time and place above stated, and a report of the names of all bidders and the amount of each bid will be made by the Clerk to the Board of Supervisors at the next regular or special meeting of the Board following the date of opening of the bids.

> "Workmen employed in the work must be paid at the rates at least equal to the prevailing wage rates last adopted by the Board of Supervisors of the County of Santa Clara, which rates are filed in the Office of the Clerk of the Board of Supervisors, incorporated herein by reference, and copies of which are available to any interested parties on request."

The County of Santa Clara is an equal opportunity employer and all contractors of County projects are urged to follow a policy of affirmative action in regard to the requirements of Executive Order 11246, as well as the regulations of the Fair Employment Practice Commission of the State of California.

A payment bond is required to be filed and approved by the Board of Supervisors before entering upon the performance of the work.

Each bid must be accompanied by cash, a certified or cashier's check or a bidder's bond in the sum of not less than 10% of the total aggregate of the bid, and the checks or bond shall be made payable to the order of the County of Santa Clara.

All bids must be addressed to the Chairman of the Board of Supervisors of the County of Santa Clara, and shall bear the title or name of the work to be constructed.

The Board of Supervisors reserves the right to reject any and all bids or to waive any errors or discrepancies.

Time limit for the completion of the work is 200 working days. Liquidated damages shall be assessed for each calendar day the work remains incomplete beyond the time fixed above for completion in the amount specified in Section 34 (Beginning of Work, Time of Completion and Liquidated Damages).

Plans and specifications may be secured from the Department of Public Works, 20 West Hedding Street, San Jose, California 95110, upon the payment of $50.00 per set as a deposit. If these documents are returned in good condition within ten (10) days after the date set for the opening of the bids, the full amount of the deposit will be returned. Credit will be given for specifications returned with the bid submitted to the Clerk of the Board of Supervisors.

By order of the Board of Supervisors of the County of Santa Clara, State of California, on May 15, 1973.

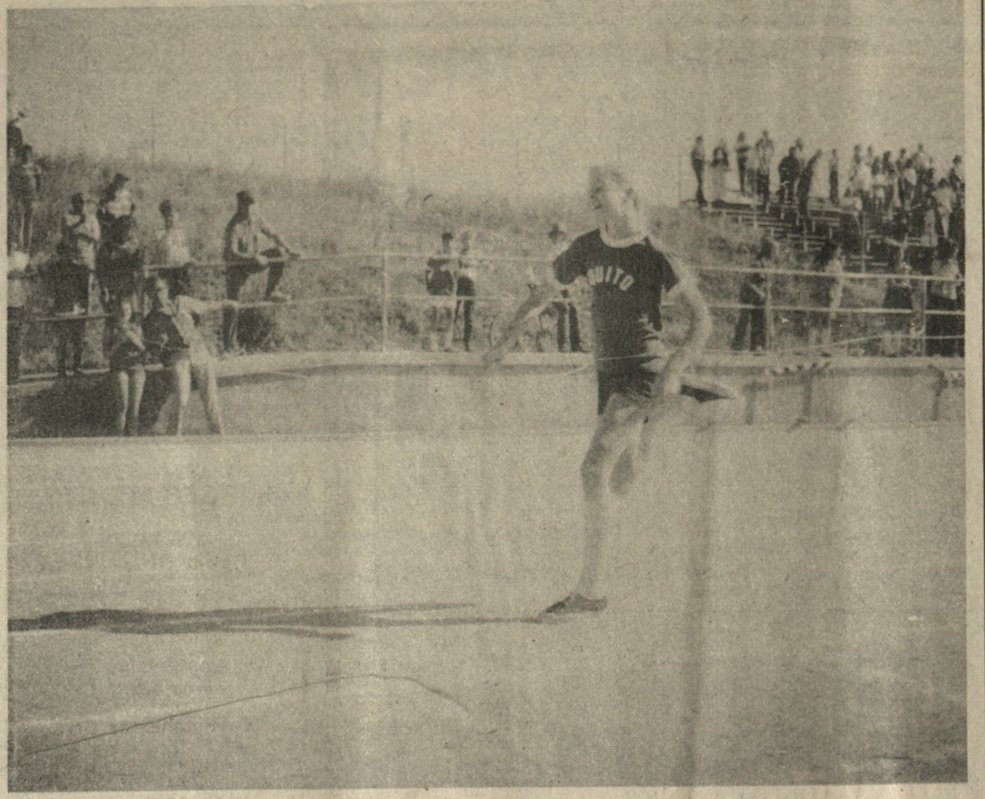
PASSING THE BATON



A FINAL LUNGE

Lopez appears in auditorium

Golden Gloves champion Candelario Lopez will appear here tonight at the All-Amateur Boxing program at 7:30 p.m. in the San Jose Civic Auditorium.

Sponsored by the San Jose Police Activities League, the featured bout will see Lopez pitted against Henry Martinez, Pacific Coast champion and the 1969 San Jose PAL Boxer of the year.

Fourteen additional bouts are scheduled this evening with participants coming here from as far away as Sacramento, San Francisco and Salinas.

Ringside tickets are $3, main floor $2 and upstairs $1.50. Children under 12 will be admitted for 50 cents.

All proceeds go to the PAL for support of their youth benefit programs.

PAL holds boxing finals

This Saturday, June 2, at 3 p.m., the San Jose Police Activities League will sponsor their Sixth Annual Buddy Baer Finals at the Civic Auditorium. Admission is free.

This event is a finalization of an intensive active program of over 200 boys from nine local centers.

These youngsters, ages 6 to 19, and in groups of six different age brackets, have trained and boxed it out to compete for one of the gold or silver medals to be awarded.

SUMMER YWCA

Residents who are interested in summer activities for both children and adults should get their names on the San Jose YWCA Cambrian Center mailing list to receive the new summer brochure, it was announced today by Ruthadele Sarter, director.

Queries should go to the Cambrian Center, 4343 Leigh Avenue, San Jose 95124. Phone number is 269-7534.

All women and girls are eligible to become members of the San Jose YWCA, which is a United Fund Agency. Men and boys may participate in some activities as associates.

Psychiatric technician course offered here

Another occupational program has been added to West Valley College's rapidly growing occupational education area -- that of psychiatric technician.

Beginning this fall West Valley will offer a three-semester program emphasizing the training of students in various clinical settings using a number of therapeutic skills.

Upon completion of the program the student will be eligible to take the California State Psychiatric Technician Examination. Successful candidates will then be qualified to work in community and institutional settings serving the emotionally disturbed and mentally retarded.

The program came about after two years of cooperative planning between the college and a local advisory committee, the California Community Colleges Chancellor's Office, and representatives of the Board of Vocational Nurse and Psychiatric Technician Examiners.

Prospective students interested in enrolling in the program this fall must contact the college's Admissions and Records office, 51 E. Campbell Ave., Campbell. Application forms must be returned to that office by June 8.

Further information on the program may be obtained by calling Admissions and Records at 379-1733.

ON DISPLAY---A special two-seat replica of an antique fire engine is on display at Antonio's Pizza, 1740 S. Winchester Blvd. through June 2, to promote ticket sales in the Miracle Mile Optimists Club fund-raising drive to send boys to camp this summer. Pictured with the engine, which will be given away on June 2, is Wayne Leslie, publicity chairman for the club.

HONOR STUDENTS

Five Campbell students have been named to the University of California at Santa Barbara dean's list, it was announced last week.

Among those earning grade point averages of 3.5 (B+ or better) were: Candias Anne Bourdet, 3724 Century Dr.; Ronald Loren Freier, 1111 Wekiva Ave.; Randall Michael Fujishin, 403 S. California; Ann Marcia Hemmings, 1377 Bent Dr., and Catherine Louise McLain, 475 Queens Court.

CAMPBELL L.L.

Moose Lodge did it again as last year's champs streaked to another first half championship in easy fashion, 4½ games ahead of the pack. Scoring quickly and holding on was their success Sunday as they edged D's Automotive 7-6. Brian Cannady was the "big stick" for the winners going 4 for 4. In a loosing effort Jack Cameron clouted two homers for five runs, his 7th and 8th of the season to lead the majors in that department.

Campbell Lumber had "Aure Night" as Curt Aure was a one-man show against Breuners in a 5 to 1 win. Aure fired a two hitter while registering 13 K's. He also hit his 5th and 6th homers to pace the hitters.

Campbell Plaza made it three wins in a row as they turned back Robins 4-2 behind the 5 hit pitching of Mark Clough. Dan Romeo led the Plaza 11 hit attack with three hits, the second one driving in the winning and insurance run. Charles Saporito paced Robins with two hits.

Fontanetti's grabbed third place in the standings by outslugging Willow Glen Optimist 15-7. Jeff Melrose, Mike Williams, David Tencati and John Walsh all had two hits apiece to pace the winners 13 hit parade. David Hill of Optimist had the only home run in the game.

MINORS

In the Minors the Sunday feature game was San Jose Optimists 7-5 win over league leading JJ&R to move into a first place tie. Don Patten was the winning pitcher while Vance Garland was taking care of the hitting going 4 for 4.

Mat Bell and Paul Sargis combined to fashion a six hitter to lead Campbell Rotary to a 10-4 route of Round Table Pizza. Pete Cary had the heavy bat going 3 for 3 for Rotary.

Jim Russell was in perfect form as he pitched Doetsch to a 10-0 whitewashing over Winchester. Jim came very close to "Stardum" as he gave up only one hit and that to Billy Gorton.

Kiwanis won their sixth game of the season over 7th Street Tires 13-3. Matt Pennewell pitched a five hitter. Jim Rynhard was the leading batsman going 3 for 4 including a four bagger.

Saint Elizabeth's is one of 112 agencies and services supported by the United Fund in Santa Clara County.

4H CLUB

by Dena Stippich

The Campbell 4-H Club held their March and April meetings on March 8 and April 12, at Coventry School.

The March meeting included a potluck.

At the March meeting the club discussed electing a permanent supply officer. Jim Sturtevant was elected to that office at the April meeting. Also at the March meeting second place awards were given to Cindy Peterson and Nora Smith for their work at the stitchery fair.

At the March and April meetings committee reports were given by Marian Hamlin on the junior leader overnight; Lisa Teafatiller on Share the Fun; David Cassingham on the snow trip and Presentation Day; Nora Smith on ABC Debut, and Madeline Gallagher on the candy sales for retarded children.

At both meetings demonstrations were given: one by Mrs. Neal's cake decorating group consisting of Caprice Tantillo, Carolyn Scrivano, Sharon Cassingham, Nora Smith, Sue Faris, Diane Sylvia, Diane Neil and Gina Rodriquez; and Mrs. MacDonagh's cooking class consisting of Lynette Buck, Maxine Hugg, Leah Landeske, Jill Jamashita.

At the March meeting awards were presented to the following people for participation in Share the Fun; Leah Landeske, Jim Sturtevant, Bret Bauer, Jill Jamashita, Matthew and Madeline Gallagher, Peggy Clancey, Audrey and Marian Hamlin, Lisa Teafatiller, Sharon Cassingham, Dianne Peterson, Denise Day, Lynette Buck, Cindy Peterson, Judy Peer, Nora Smith and Sue Faris.

The next meeting will be held on May 10.
